

KAMEL GHRIBI

President of Gruppo GKSD, Vice President of Gruppo San Donato (GSD) S.p.A., President of the non-profit European Corporate Council on Africa and the Middle East (ECAM), Chairman of Hospital Healthcare Holdings (HHH) and Chairman of the Supervisory Board of American Heart of Poland and Scanned.

He founded GKSD Investment Holding Group a multidisciplinary group covering activities ranging from healthcare through to engineering, infrastructure and construction. With a strong focus on energy efficiency and construction projects GKSD also has an advisory arm (legal and tax advisory) as well as a procurement division to support group companies and partners.

Since its inception, GKSD has become the provider of choice for the conception, creation and management of complex healthcare projects with a strong presence in Italy, Africa and the MENA region. GKSD has developed the culture of expansion that boosted the international profile of Italy's first private healthcare group – Gruppo Ospedaliero San Donato (GSD).

As the driving force and President of ECAM (The European Corporate Council on Africa and the Middle East) Kamel Ghribi is seeking through this non-profit foundation and international think-tank, to bring together leaders, policy makers and government officials from Europe, Africa and the Middle East. ECAM's primary objective is to develop feasible, effective and lasting solutions for more sustainable investments in sectors such as healthcare, energy and infrastructure throughout Africa and the MENA region.

As a member of the International Executive Board of Directors at Med-Or, (a part of the leading aerospace, security and defence company Leonardo) Kamel Ghribi continues to promote cultural initiatives, research and education in science, that will strengthen links, exchanges and international relations between Italy and countries in the Med-Or regions.
